About RustNL

RustWeek is organized by Stichting Rust Nederland, RustNL for short, and a team of organizers and volunteers.

The first two editions of the event RustNL 2023 (275 attendees) and RustNL 2024 (450) provided a stepping stone towards the 2025 & 2026 events: a full week of Rust and hosting the Rust All Hands.

RustNL is a non-profit that promotes the Rust programming language and supports Rust's maintainers.
